

Our Happy Holiday Message

Looking forward to this holiday season,
while reflecting on the year that has past,
we all can find wonderful reason
to send a message of thanks that will last.
So, to our loyal clients and colleagues,
as we are delighted to have your support...
a little rhyme from the gang at total kneads,
we do hope you enjoy this report.

In the spring the clinic had its first birthday
And we celebrated with chocolate and flowers.
We could never have guessed from the first day
you would help keep us busy for so many hours.
The summer brought much more amazement,
with bookings, events, and a brand new sign.
We're surprised how quickly those days went,
bringing us half way to the finish line.

Cool autumn brought a flurry of interest:
A new website, clients spreading the word,
Meeting the challenge to be at our very best.
Thanks for kind compliments that we've heard.
And now we can see the year end is in sight,
and we would like to rejoice with you all:
may your health be abundant and spirit be light...
and find joy in gifts, great and small.

To our nurses, students, teachers, and engineers,
our athletes, musicians, artists and stylists,
caregivers, clerks, doctors and volunteers,
technicians, postal workers, and pilots:
To our clients from so many walks of life,
too numerous to list in this letter:
you have made this year fruitful and so very nice.
It is a blessing to help you feel better.

Do we have a New Year's resolution just yet?
Well, we don't wish for fortune or fame.
We'll just be adding to our total kneads family.
We're delighted to introduce them by name...
Please help us welcome to the total kneads team:
Katherine Tidman and Colleen Murphy
They are smart and caring and full of esteem.
We know they will make you feel Smurfy!!
See you in the New Year

Warmest wishes for a lovely and magical season
May you have health and prosperity in the New Year
From: Sarah, Leah, Melanie, Katherine and Colleen
PS. Please enjoy our recipes on the back for a little festive treat
